Cal Leandros, who is only half human, holds the fate of the human world in his hands, and he must hide from his father and his otherworldly race, who believe that he is the key to unleashing their hell on Earth.

Half-human Cal Leandros and his brother Niko aren't exactly prospering with their preternatural detective agency. Who could have guessed that business could dry up in New York City, where vampires, trolls, and other creepy crawlies are all over the place—if you know where to look. But now there's a new arrival in the Big Apple. A malevolent evil with ancient powers is picking off humans like sheep, dead-set on making history with an orgy of blood and murder. And for Cal and Niko, this is one paycheck they're going to have to earn. If they live long enough to collect it...

For three thousand years, the world's most dangerous treasure has been lost. Now the code that reveals its hiding place is about to be broken . . . Greece, 1947. Europe is just beginning to heal after World War II, but the fighting in Greece continues as a civil war is waged. Sam Grant, a disgraced ex-Special Operations Executive soldier and an adventurer by trade, is lured back to the Mediterranean by a secret from his past: six years ago, a dying archaeologist entrusted him with his life's work—a leather notebook full of unintelligible notes written in Ancient Greek. When the KGB show up looking for the notebook, Grant sets out to protect the discoveries that the archaeologist lost his life for—and to find out what could be so valuable that the CIA and the British Secret

Intelligence Service want it as well. With help from a brilliant Oxford professor and a beautiful Greek archaeologist with her own secrets to hide, Grant follows the notebook to a hidden cave on Crete, where a tablet of mysterious writing has lain hidden for thousands of years. Deciphered, it could lead to one of the greatest prizes in history. But the treasure is as dangerous as it is valuable. Seeking the places where history and myth collide, following the trail left by Homer in his epic poems of heroic warriors, vengeful gods, and treasure beyond anything known to man, Grant is plunged into a labyrinth of ancient cults, forgotten mysteries, and lost civilizations. But time is running out. The secrets of the distant past may hold the key to the newest threats of the modern world. . . .

## 2 Rob Thurman

The eighth book in the Cal Leandros series that began with *Nightlife*, *Slashback* is clever, ironic and hugely entertaining urban fantasy in the vein of Jim Butcher by the New York Times bestselling author, Rob Thurman. I stopped and let them circle me, first because it was intriguing and, second, because, honestly, what could they do? Only knives, but all armed, and that made them even more interesting. Interesting. Fun. Play-time... Taking on bloodthirsty supernatural monsters is how Caliban and Niko Leandros make a living. But years ago - before they became a force to be reckoned with - the brothers were almost victims of a very human serial killer. Almost. Unfortunately for them, that particular depraved killer was working as apprentice to a creature far more malevolent - the legendary Spring-heeled Jack. He's just hit town. He hasn't forgotten what the Leandros brothers did to his murderous protégé. He hasn't forgotten what they owe him And now they are going to pay . . . and pay . . . and pay . . . A dark contemporary fantasy with a humorous edge, Rob Thurman's *Slashback* should not be missed. Praise for Rob Thurman: 'Supernatural elements put this in the company of Jim Butcher and Charlaine Harris' SFRevu 'A roaring rollercoaster of a read . . . it'll take your breath away' Simon R. Green Rob Thurman lives in Indiana, land of rolling hills and cows. Lots and lots of cows. *Nightlife*, *Moonshine*, *Madhouse*, *Deathwish* and *Doubletake*, the previous novels in the Cal Leandros series, are also published by Penguin. Visit Rob at [www.robthurman.net](http://www.robthurman.net).

When half-human Cal Leandros wakes up on a beach littered with the slaughtered remains of a variety of hideous creatures, he's not that concerned. In fact, he can't remember anything-including who he is. And that's just the way his deadly enemies like it...
