737-NG Flight Crew Training Manual

In 2016 (as a response to the Airbus A320 NEO), Boeing introduced the ’ MAX ’ series – designated MAX-7, MAX-8, MAX-9, MAX-10, MAX-200. The MAX-8 was the first to enter service – in 2017. The MAX variants offer four lengths, with options for 138 to 230 seats and a range of between 3,215 and 3,825 nautical miles. These aircraft are ...

X-Plane-11

One of the advantages of the 737 NG over the 737 Classic is that Boeing allow for intermediate base C checks before the D check to reduce the time, work and expense required at the D check. Operators that have a maintenance programme with a P48 check can have a base check interval of eight phases (hence the name P8), where one phase = 500FH, and so have six base checks in the base maintenance ...

TOULOUSE 747 – un site pour les passionnés d'aviation ->

The majority of maintenance manuals are customised for a specific fleet, i.e. specific to a particular airline. That way Boeing only provides information that is applicable to those aircraft and even with a given manual you need to be able to filter on applicability to ensure that specific maintenance information is applicable to a specific aircraft.
