Continuing the four goals from the first edition, i.e. helping students to make good financial decisions, providing a solid text for the introductory MBA course, motivating students by demonstrating finance is relevant and interesting, and presenting the material clearly, this Tenth Edition promises to be the best yet. Written by a highly-acclaimed, best selling, author team, this text remains the only MBA-level text to present a balance of financial theory and applications.

Earn the grade you want in your course with the help of this invaluable tool. This Study Guide lists key learning objectives for each chapter, outlines key sections, provides self-test questions, and offers a set of problems similar to those in the text and Test Bank with fully worked-out solutions. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Known for its real-world examples and effective problem sets, this undergraduate corporate finance course is now in its 9th edition and includes a student resource CD-ROM, with Excel tutorials and additional practice problems. The tenth edition features InfoTrac college edition access.

Updated with the latest trends, developments, and practices from the field, Brigham/Houston's FUNDAMENTALS OF FINANCIAL MANAGEMENT, 15e equips you with a thorough understanding of today's corporate finance and financial management. This longtime market leader offers insight into federal debt, the ongoing recovery of financial markets, and other emerging issues straight from today's headlines. Clear explanations and real-world examples help you understand the "what" and the "why" of corporate budgeting, financing, working capital decision making, forecasting, valuation, and Time Value of Money, while hands-on exercises, cases, Excel® Spreadsheet Models, and digital resources like MindTap® let you put theory into action.

Gain a solid understanding of real-world corporate finance and financial management with a unique balance of contemporary theory and practical applications found in the leading FUNDAMENTALS OF FINANCIAL MANAGEMENT, CONCISE EDITION 9E by Brigham/Houston. Engaging and easy to understand, this complete introduction to corporate finance emphasizes the concept of valuation throughout and Time Value of Money (TVM) early, giving you time to absorb the concepts fully. Numerous examples, end-of-chapter applications, and Integrated Cases give you a better understanding of the concepts and reasons behind corporate budgeting, financing, and working capital decision making. In addition, Excel Spreadsheet Models help you master this critical software tool.
