Beautiful and alluring Scarlett Smyth is such an expert at seduction, that she is even penning a book on it. When the shrewd and ambitious temptress lays eyes on Bradley Murdoch, she believes she has found her dream man. There is just one problem - Bradley is happily married to Rival. In an attempt to get close to Bradley, Scarlett befriends Rival, and creates a perfect opportunity to steal Bradley away from her. Quiet and unassuming Rival Murdoch is happy to welcome the vivacious and friendly Scarlett into her family circle. But when she is betrayed by both Bradley and Scarlett, she decides, even though she lacks Scarlett's genius IQ, not to turn the other cheek. In fact, she is determined to win back her husband, believing that he is simply mistaking lust for love. As a result, a not so silent war is erupts between a seething wife and mistress who is not used to losing. Eve Rabi's latest romantic and suspense-filled thriller is riveting drama of betrayal, lust and deception that will keep you turning pages and leave you begging for more. Review: ""This book seriously needs to be read! It will captivate you, suck you in and chew you up." "I waited for this book and it was so worth the wait. Nothing like I have ever read before. It was a riveting story of love and lust." "I could not put this book down, I finished it at 2:30 in the morning and I had to get up for work @ 6:30. However, it was worth every yawn. Read it and you will see why." "The Other Woman captivated me. Rabi really comes into her own as a writer of entertaining and stinging dialogue, not to mention the scintillating love scenes. This has just the right balance of wit, action, drama, revenge, and lust." "I never left my seat, from start until finish. I kept looking at the percentage amount left to read, and feeling disappointed it was soon to be over...I just wanted it to go on forever." NB:
