Complementing quality teaching, this textbook covers all the knowledge required for each unit of study. - Carefully matched to the requirements of the new qualifications, this comprehensive textbook will provide you and your learners all the guidance you need through this period of transition, in clear and accessible language. - Contains over a thousand photographs to ensure learners can visualise all the necessary practical skills. - Provides invaluable guidance on the more rigorous assessment regime including written exams and synoptic end tests.

British Vocational Qualifications is an indispensable reference for careers advisors, human resource managers, employers, teachers and students, featuring up-to-date information on over 3,500 vocational qualifications available in the United Kingdom. These include Vocational Qualifications (VQs), National Vocational Qualifications (NVQs), Scottish Vocational Qualifications (SVQs), Related Vocational Qualifications (RVQs) and apprenticeships. The directory also covers the latest developments within the fast-changing field of vocational qualifications, and details of awarding, examining and validating bodies. British Vocational Qualifications is a simple guide for anyone who needs to understand vocational education, whether researching what is available, verifying a qualification for legal purposes, or reviewing where best to study for them.

Bobs, beards, blondes and beyond, Hair takes us on a lavishly illustrated journey into the world of this remarkable substance and our complicated and fascinating relationship with it. Taking the key things we do to it in turn, this book captures its importance in the past and into the present: to individuals and society, for health and hygiene, in social and political challenge, in creating ideals of masculinity and womanliness, in being a vehicle for gossip, secrets and sex. Using art, film, personal diaries, newspapers, texts and images, Susan J. Vincent unearths the stories we have told about hair and why they are important. From ginger jibes in the seventeenth century to bobbed-hair suicides in the 1920s, from hippies to Roundheads, from bearded women to smooth metrosexuals, Hair shows the significance of the stuff we nurture, remove, style and tend. You will never take it for granted again.

Written to match the 2004 specifications, this successful book provides everything students need to pass their S/NVQ Level 3. Drawing on the style of our popular Basic Hairdressing text, also by Stephanie Henderson, this book uses an easy-to-follow, unit-by-unit approach to this qualification.

For Level 2 Hairdressing students on NVQ, SVQ and VRQ courses A genuinely new and innovative way for students to study hairdressing, this new textbook is supported with extensive multimedia material and activities at no extra cost. Some books include a few videos and basic materials, but this book comes with over 250 free activities to improve learning. Online multimedia and multiple-choice questions for on-going assessment are also included as well as links to other resources such as images and videos. The elearning resources are included in every chapter and complement the textbook content and will

help students from the start of their qualification until they pass.

Intended to cover both the hairdressing theory and practice and the craft science content of the City and Guilds Basic Hairdressing Course and the requirements of the Nationally Preferred Scheme, this book also provides details of animal parasites.

This edition of the best-selling coursebook for all hairdressing trainees at NVQ Level 2 has been fully revised to incorporate the changes to the Hairdressing NVQs. Each chapter covers a complete NVQ unit, providing all necessary knowledge and help with the essential preparation of portfolios. Key terms are highlighted to help with preparation for assessment. Using Basic Hairdressing together with salon practice is the proven route to achieving success at Level 2.

Science for Hairdressing Students, Third Edition, has been revised in order to conform to recent examination demands and the more integrated approach to teaching applied science to hairdressing students. It is organized in such a manner as to make it a self-teaching text. All the information is broken up into small study topics with a glossary-index to guide readers. At the end of the book is a huge selection of test questions. The book begins with a discussion of the changes that people want when they come to the salon. This is followed by separate chapters on hairdressing techniques such as shampooing, coloring, lightening, waving, setting, and drying. Subsequent chapters discuss scalp and skin treatments; chemicals used in the salon; creating ideal salon atmosphere, temperature, and lighting; and safety and hygiene in the salon. Also discussed are the parts and functions of the human body; personal hygiene for hairdressers; and first aid for emergencies and accidents. This book is suitable for students studying for: City and Guilds of London Institute Craft Course (Basic 760-1), City and Guilds of London Institute Craft Course (Advanced 760-2), Qualifying Examinations of Hairdressing Council, and American State Review Boards (Cosmetology).

Good hair day? Bad hair day? Hair has always evoked strong emotions. In this fascinating book, Patricia Malcolmson examines how British women over the past 150 years have managed their hair, from the extravagant styles of the late nineteenth century to the 'anything goes' attitude of today, taking in along the way the daring bobs of the 1920s, the wartime styles of women in uniform, the slavish copying of Hollywood stars, the beehive, the hippy and the Goth. In *Me and My Hair* you'll hear the voices of women from around Britain talking about their hair - whether it's their longing to have 'Shirley Temple' curls, the visits of the nit nurse, their first home perm, roasting under hood dryers, going platinum blonde, hilarious experiments with hair extensions, or fears of going grey.
