Abbott helps social science students discover what questions to ask. This exciting book is not about habits and the mechanics of doing social science research, but about habits of thinking that enable students to use those mechanics in new ways, by coming up

# Read Online Continuing Cookie Chronicle Solutions

with new ideas and combining them more effectively with old ones. Abbott organizes his book around general methodological moves, and uses examples from throughout the social sciences to show how these moves can open new lines of thinking. In each chapter, he covers several moves and

# Read Online Continuing Cookie Chronicle Solutions

their reverses (if these exist), discussing particular examples of the move as well as its logical and theoretical structure. Often he goes on to propose applications of the move in a wide variety of empirical settings. The basic aim of *Methods of Discovery* is to offer readers a new way of

# Read Online Continuing Cookie Chronicle Solutions

thinking about directions for their research and new ways to imagine information relevant to their research problems. *Methods of Discovery* is part of the *Contemporary Societies* series.
