Everything about Angela "Big Ang" Raiola is larger than life: her lips, her 36JJ breasts, and especially her personality! In a lifestyle guide as genuine and fun as Big Ang herself, the star of VH1's Mob

Wives, called the show's "den mother" by the New York Times, serves up the hilarious and poignant wisdom she's learned while running her bar, raising her family, and dating made men. Big Ang has rules to live by for beauty, food, family, friendship, and more. Here she is... ON HER KILLER BOOBS: I was on vacation with my family in the Catskills when out of nowhere, this bat flies right into my chest and then falls splat on the ground. Turned out, he died on impact. ON FAMILY TRADITIONS: Every Sunday, we do a feast for fifteen to twenty-five people. Last week, we went through seventy-five meatballs. Even by my family's standards, that's a lot of balls. ON DIETING: Swearing off lasagna to lose weight? You might fit into smaller jeans. But you're still the same person— except hungrier and bitchier. ON HOBBIES: Would I rather cook for people or have sex? No hard-and-fast rule there. But I will say this: Cooking is always satisfying.

The daughter of a humble ranch hand, Skye McCory grew up dreaming of dating Keefe McGovern, heir to the famous McGovern cattle empire and way out of her league. Now a high-flying lawyer, Skye is back and not afraid to tell Keefe how she feels. Collects the best of Red Smith's writings on baseball from the 1940s through 1981

This edition of Swokowski's text is truly as its name implies: a classic. Groundbreaking in every way when first published, this book is a simple, straightforward, direct calculus text. It's popularity is directly due to its broad use of applications, the easy-to-understand writing style, and the wealth of examples and exercises which reinforce conceptualization of the subject matter. The author wrote this text with three objectives in mind. The first was to make the book more student-oriented by expanding discussions and providing more examples and figures to help clarify concepts. To further aid students, guidelines for solving problems were added in many sections of the text. The second objective was to stress the usefulness of calculus by means of modern applications of derivatives and integrals. The third objective, to make the text as accurate and error-free as possible, was accomplished by a careful examination of the exposition, combined with a thorough checking of each example and exercise.

Uses jokes, cartoons, and philosophy to expose what politicians really mean, analyzing quotations from everyone from Condoleeza Rice to Al Sharpton.

A world-wide bestseller renowned for its effective self-instructional pedagogy.
