Day Trading: Level 1 - Beginner Day Trading Made Easy _____ You can find lots of books about trading stocks, but investing tends to be the most popular, yet it's not the only stock trading strategy. Day trading gives a faster turnaround for profits than investing does. You can buy and sell stocks in one day and not have to hold onto them for months or years to see a profit. This can be a tricky road to travel, but that's what this book is here to help with. This book is here to guide you down a path where you can see the most profit. Before you start your trading, you have to come up with a strategy, and that's where this book comes in. This book is just the beginning and should be followed as such. You can't just guess when you day trade, that's a good way to go bankrupt. Grab this book, and learn how to start your career as a day trader. Day Trading: Levels 2 & 3 - Intermediate & Advanced Day Trading _____ Have you already dabbled in day trading, or have you been day trading for a while now? Do you feel you could be making more with your trades? Or have you found yourself stuck in a day trading rut? If you answered yes to any of these, then this intermediate day trading book is perfect for you! Day trading can be tricky, but it can also pay off a lot faster than other trading routes. If not handled correctly, however, you risk losing a lot of money. Don't just assume you know everything there is to know about day trading because you already know how to trade. That's the quickest way to find yourself in debt. Take the time to educate yourself further and improve your trading techniques. Grab your copy of this comprehensive manual, today!

This well-thought-out training regimen begins with an in-depth look at the necessary tools of the trade including your scanner, software and platform; and then moves to practical advice on subjects such as how to find the right stocks to trade, how to define support and resistance levels, and how to best manage your trades in the stress of the moment. An extensive review of proven trading strategies follows, all amply illustrated with real examples from recent trades. Risk management is addressed including tips on how to determine proper entry, profit targets and stop losses. Lastly, to bring it all together, there's a "behind the scenes" look at the author's thought process as he walks you through a number of trades. While aimed at the reader with some exposure to day trading, the novice trader will also find much useful information, easily explained, on the pages within. In this book, you'll learn...* How to start day trading as a business* How to day trade stocks, not gamble on

them* How to choose a direct access broker, and required tools and platforms* How to plan important day trading strategies* How to execute each trading strategies in detail: entry, exit, stop loss* How to manage the trading plan
