The Great Gatsby is a 1925 novel written by American author F. Scott Fitzgerald that follows a cast of characters living in the fictional town of West and East Egg on prosperous Long Island in the summer of 1922. The story primarily concerns the young and mysterious millionaire Jay Gatsby and his quixotic passion and obsession for the beautiful former debutante Daisy Buchanan. The Great Gatsby explores themes of decadence, idealism, resistance to change, social upheaval, and excess, creating a portrait of the Jazz Age or the Roaring Twenties that has been described as a cautionary tale regarding the American Dream. Set on the prosperous Long Island of 1922, The Great Gatsby provides a critical social history of America during the Roaring Twenties within its fictional narrative. That era, known for profound economic prosperity, the development of jazz music flapper culture, new technologies in communication (motion pictures, broadcast radio, recorded music) forging a genuine mass culture; and bootlegging, along with other criminal activity, is plausibly depicted in Fitzgerald's novel. Fitzgerald uses many of these societal developments of the 1920s that were to build Gatsby's stories from many of the simple details like automobiles to broader themes like Fitzgerald's discreet allusions to the organized crime culture which was the source of Gatsby's fortune. Fitzgerald depicts the garish society of the Roaring Twenties by placing the book's plotline within the historical context of the era.

Everybody wants to know Jay Gatsby. He is handsome and very rich. He owns a big house, and he has wonderful parties there. But after the music and dancing, does anybody really know who Jay Gatsby is? This is a story of love, money, and secrets.

Overnight, Reverend Hooper has taken to wearing a translucent, but dark veil. Believing the veil to be symbolic of his sin, Hooper refuses to remove it, and wears it throughout the rest of his life. Like the majority of Hawthorne's stories, "The Minister's Black Veil" is an allegorical criticism of Puritan beliefs. Hawthorne may have been inspired by clergyman Joseph Moody, who accidentally killed his friend and, in response, wore a black veil until his own death. A collection of "commercial short stories F. Scott Fitzgerald published before he began to work on what would become his great American novel, *The Great Gatsby*."--Back cover.

A far-seeing survey of race and history, T. Lothrop Stoddard's epic work did not refer to a belief that whites should rule over other races, but merely that, as he put it, a man who in 1914 looked at a world map "got one fundamental impression: the overwhelming preponderance of the white race in the ordering of the world's affairs". It was this dominance, Stoddard said, which was coming to an end because of the massive demographic swings which he foresaw over the coming decades--just one of the many accurate predictions made in this book which have allowed it to stand the test of time. Starting with an overview of the different races of the world and their traditional homelands, Stoddard pointed out how their

technological backwardness allowed what he called the "white flood" to colonize all four corners of the earth. -- Amazon.com.

A young southern woman is bored with her unchanging environment, and—much to her friends' chagrin—gets engaged to a northern man. After disregarding their concerns, she travels north during the winter to visit her fiancé's home town and meet his family, and comes to a major realization.

The astonishing novel *Brave New World*, originally published in 1932, presents Aldous Huxley's vision of the future -- of a world utterly transformed. Through the most efficient scientific and psychological engineering, people are genetically designed to be passive and therefore consistently useful to the ruling class. This powerful work of speculative fiction sheds a blazing critical light on the present and is considered to be Aldous Huxley's most enduring masterpiece. The nonfiction work *Brave New World Revisited*, first published in 1958, is a fascinating work in which Huxley uses his tremendous knowledge of human relations to compare the modern-day world with his prophetic fantasy envisioned in *Brave New World*, including the threats to humanity, such as overpopulation, propaganda, and chemical persuasion.
