Testing HIV-positive is no longer a certain death sentence, and new research shows that Americans who have HIV today have life spans similar to those of their peers without the virus.

7. RIGHT TO FOOD.

This report provides a comparative overview of the policies affecting women's participation in public life across the MENA region. It examines the existing barriers to women's access to public decision-making positions, and provides a cross-country assessment of current instruments and institutions.

This useful resource provides basic information about Islamic life in the United States. Coverage includes population statistics and analysis, as well as immigration information that tracks the settlement of Islamic people in the America. The guide contains contact information for mosques, community organizations, schools, women's groups, media, and student groups. Recent Islamic-American events over the past five years are also reviewed. To see the Introduction, the table of contents, a generous selection of sample pages, and more, visit the The North American Muslim Resource Guide website.

This is an indispensable resource about the role of Jewish women from post-biblical times to the twentieth century. Unique in its approach, it is structured so that each chapter, which is divided into three parts, covers a specific period and geographical area. The first section of the book contains an overview, explaining how historical events affected Jews in general and Jewish women in particular. This is followed by a section of biographical entries of women of the period whose lives are set in their economic, familial, and cultural backgrounds. The third and last part of each chapter, "The World of Jewish Women," is organized by topic and covers women's activities and interests and how Jewish laws concerning women developed and changed. This comprehensive work is an easy-to-use sourcebook, synopsizing rich and diverse resources. By examining history and analyzing the dynamics of Jewish law and custom, it illuminates the circumstances of Jewish women's lives and traces the changes that have occurred throughout the centuries. It casts a new and clear light on Jewish women as individuals and sets women firmly within the context of their own cultural and historical periods. The book contains illustrations, boxed text, extensive endnotes, and indices that list each woman by name. It is ideal for women's groups and study groups as well as students and scholars.

A Study Guide for Rudyard Kipling's "If," excerpted from Gale's acclaimed Poetry for Students. This concise study guide includes plot summary; character analysis; author biography; study questions; historical context; suggestions for further reading; and much more. For any literature project, trust Poetry for Students for all of your research needs.

This practical guide offers a strategic and scientific-based approach to promote gender equality throughout the society with an historical footprint of the year 2020. You will find the latest review on the status of women in leadership in governments and public life from a national and international perspective. The book highlights the still existing gender gaps and the challenges women face in the advancement of their career. On the other hand the recommendations given along the way are identifying future opportunities for growth and aim to drive change in terms of diversity and inclusion. Through the interviews with successful women leaders from the public sector in Switzerland, the guide also offers insights on best practices and tips with inspiring career paths to follow. The policy recommendations given in the Manifesto part of the book are proposing 6 dimensions to acknowledge and bring concrete progress towards women's leadership in the public sector. It is a fundamental human rights to include more women in decision-making and public areas to shape the future of our economy. Men's proactive participation in the change towards professional equality could be decisive. The empowerment of women will only succeed if we all, as human beings, enable an equal society by taking concrete action to ensure ethical and sustainable progress for the higher good of our society.

Twenty-three countries currently allow women to serve in front-line combat positions and others with a high likelihood of direct enemy contact. This book examines how these decisions did or did not evolve in 47 countries. • Delineates the ways in which women are incorporated into national militaries in the both the United States and countries around the world • Offers in each entry the distinct national context in which countries have decided to employ women in warfare • Reveals how different nations choose to include or exclude women from the military, providing key insight into each nation's values and priorities • Examines how governments treat women serving in combat: battlefield experience can "earn" a woman citizenship or be cause for shunning her, depending on the state
