Heaven Sent is a fictional rock group with originally four members: Johnnie Heaven, lead singer; Lucas Sloane, bass player; Brent Rose, lead guitar; and Darien Hughes, drummer. They are all quite gorgeous and quite wonderful and book one starts with Johnnie's story. Johnnie, as it just so happens, is bisexual.

Tyler's a big fan of Johnnie's band Heaven Sent. And from the first moment they meet his body acts like it wants Johnnie.... (ISBN:9781596322677)

Purgatory. Lucas Sloane defines beautiful for Reese. Tall and sleek with gorgeous red hair and deep, dark eyes to drown in, it's no wonder that the famous bass player of Heaven Sent is the hero of many a starry-eyed teenager's dreams. Reese used to be one of those teens back when Heaven Sent was no more than the house band for the local club, Purgatory. Back then, Reese found the courage to confess his love to Luc...only to be soundly rejected. Luc wasn't gay. Not long after, Heaven Sent left town and

Access Free Heaven Sent 1 Jet Mykles

skyrocketed into rock and roll stardom. Now, six years later, Luc is back in town for a visit and more gorgeous than ever. Surprisingly, he not only apologizes for his treatment of Reese years ago, he comes onto him. Luc's discovered the pleasures of being with a man and wants to know what it'd be like between the two of them. But Reese can't. He lives the straight and narrow, teaches high school...he's even got a girlfriend. He has a normal life. He can't be gay. But it's hard to deny the man who's defined everything beautiful in Reese's artistic mind. No one has to know about it, right?

"Dark Elves 3: Salvation" Irin was raised among the raedjour -- dark elves bred by their goddess for sexual pleasure. When Irin was a toddler, sorcerers cast a protective spell on her to quell the lustful urges of those around her. Under that spell and the watchful eyes of her protectors, Irin has a happy, if unique childhood as a human girl among all raedjour boys. But she's a woman now, and it's time for the spell to be lifted and for her to find out what it means to be taken and mastered by the raedjour -- and to find her true mate among them. Savous and Radin. Apprentice and master. They've been a pair for centuries and have helped to watch over Irin her whole life. There's no doubt in either of their minds that one of them will be the first to introduce Irin into the world of sexual pleasures. But there's more to Irin than anyone knew. Will her passion be the destruction of the lifelong bond between two men? Or the salvation of an entire race? "Have you ever wondered what it would be like to be used, pleased...and be the salvation of an entire race?" "Dark Elves 4: Dissent" Marisol and her brother are on the run. With nowhere to turn, they take their chances in the Dark Forest. Captured by the "dark denizens" they'd been warned about, they are taken into the darkness by these beautifully cruel elves and used for selfish, sexual pleasure. No human can withstand the full force of raedjour sexual pleasures for long. Jarak and his men are dispatched to rescue Marisol and her brother, but they come too late. They save them from death, but

Access Free Heaven Sent 1 Jet Mykles

now what are they to do with the traumatized humans? Life among the raedjour is in upheaval and traditions of the last four thousand cycles of seasons may not apply. And Jarak's and Marisol's attraction only complicates matter. "Have you ever wondered what it would be like to be pleased...nearly to death?" Publisher's Note: The stories in this book contain explicit sexual content, graphic language, and situations that some readers may find objectionable: Bondage, domination/submission, male/male sexual practices, and dubious consent.

Can a party boy and a responsible businessman really make it work? Bryce is the adorable young thing that Dustin knows he shouldn't want. He should be looking for a man his own age. Someone with a future. Someone with a real job. But no matter how hard he tries, no matter how much he knows that it just won't work, he can't resist those big blue eyes. Dusty is an adult. So unlike any of the party crowd that Bryce hangs around. But after just a brief taste of Dusty's so-called boring, normal life, Bryce is more surprised than anyone to find out that that's the life he wants. No wonder they just Can't Fight This Feeling.

Sex. Drugs. Rock 'n Roll. Nick Gorman's got it all. He's on top of the world, living his dream, playing guitar on stage in front of thousands of people with non-other than Marlowe. The famous singer could have had his choice of anyone to replace his former guitarist, but he picked Nick to tour with him. Now Nick's star is on the rise, all thanks to Marlowe, who's not only Nick's idol but is fast becoming a terrific friend. In the blink of an eye, it all turns upside down. A drug-hazed time in a bed alone with Marlowe forces Nick to be aware that the rock star's interest in him is more than just friendly. Then, before he can even react to that, both singer and guitarist are in a near-fatal accident that could ruin both their careers.

Access Free Heaven Sent 1 Jet Mykles

What now? Marlowe's in jail for two years and Nick is broken. Could they ever play together again, let alone explore the sizzling reverberations that still exist between them?

"Heaven Sent: Genesis" When Brent, Heaven Sent's guitarist, breaks his hand before the New Year's show, the stress of adjusting brings the guys' personal issues to light. They need more than a miracle to live happily ever after. They need a Genesis. "Publisher's Note: This book contains explicit sexual content, graphic language, and situations that some readers may find objectionable: male/male sexual practices." "Heaven Sent: Revelations" The boys of Heaven Sent take a hiatus, so their manager Gretchen, takes some time for herself. Her summer vacation takes a turn for the sultry with her sexy new man Archer...and her cute personal assistant Owen. But Owen thinks he's not enough for Gretchen. And Gretchen thinks Owen is far too young for her. Archer thinks they're both ridiculous. He knows the three of them are just right for each other, if they can survive the revelations. "Publisher's Note: This book contains explicit sexual content, graphic language, and situations that some readers may find objectionable: Anal play/intercourse, male/male sexual practices, menage (m/m/f with m/m sex/interaction)."

Sometimes we get what we never wanted, and Meg never wanted to be grand dame. Now that she's got the job, she's doing her damndest to do it right. But it's far from a one-woman show. Michael is the one who really should be running the show, but his newly discovered magic powers make managing his own life almost too much to handle. Then there's Rudy. Sweet Rudy who is all about doing everything he can, but who's just too young and inexperienced to be much help. So what's a busy grand dame to do? Lucky for Meg, she's got one more shape-shifter to lean on. Connections, personality, and background

Access Free Heaven Sent 1 Jet Mykles

make Logan uniquely suited to be Meg's righthand man, at least in the public eye. Problem is, he claims to be in love with her. It's not that she doesn't think he's great--because she does--but there's no more room in her bed or her heart for another man.

Devon Harper isn't just an agent of the Safeguard Systems private security firm, he's also a cambion, the half-breed offspring of an incubus and a human. While on the trail of Porter, a dangerous summoner, Devon's own demonic birthright betrays him to a warding spell and he's captured, leaving his sometime partner Rio to step in and save the day. Unfortunately, their quarry is well away by the time Devon is freed. If they don't catch him fast, Porter could once again vanish overseas and out of their reach. As the two men begin their search, the urgency of their mission can't quite distract Devon from the growing affection he feels for Rio--the one person whose calm nature seems to quiet his restless spirit. Their hunt leads them to a Seattle hotel, but Devon is captured and Porter almost killed as the demon who has been pulling his strings springs his ultimate trap. He's got plans for Devon, and unless Rio is willing to risk everything by revealing his own hidden nature to stop him, he may have found a way to become the most powerful incubus to ever walk the Earth.

TWO FOR ONE DEAL Meg's in trouble. Roland Parks wants her to join his coven and isn't taking 'no' for an answer. She has until Samhain to come to him or else he comes for her. "What's a good witch to do?" Magic, of course. Although she hates the idea of 'owning' someone, she casts an age-old spell that will bring her protection. With a leashed shape-shifter at her side, she should be able to keep Roland at bay until she comes up with a better idea. The spell works. Boy, does it work! Instead of just one, Meg gets a two-for-one deal when her spell not only brings her Rudy, a werewolf, but also Michael, a

Access Free Heaven Sent 1 Jet Mykles

werejaguar. Two gorgeous men who are not only into each other but take an instant interest in her as well. MORE THAN A BARGAIN The evil witch is dead. Unfortunately, Meg killed him. With magic. A definite no-no where the Witches' Council is concerned. If the Council can prove it, she'll be put to death. To make matters worse, she also absorbed a hell of a lot of the witch's power and memories and she's barely able to contain them. "What's a not-so-good witch to do?" Rely on her shifters, of course. Michael and Rudy show every sign of sticking with her through this mess and Michael's proven to have contacts that just might help. Wonderful of them. Except relying on them means that, Meg also has to figure out where she fits in their relationship. Is she a third wheel? Or could they really make a happy threesome? Meg's two-for-one deal has turned into more than a bargain.

This volume features a trio of M/M tales from three of the genre's hottest authors. Winner Takes All by Laura Baumbach -- Two vampires face off in a deadly bet that has the winner claiming everything the loser owns--including the loser's innocent, unaware human offspring. Gift of the Raven by Angela Fiddler -- Cory has always been mercurial; passionate one second and frozen the next, but when he was hot, he was scorching. Luke had brought him up as a vampire but couldn't keep him the first time around. But now evil's come on an arctic wind, and they'll need each other to fight it. Wolfe's Recluse by Jet Mykles -- Can Wolfe lure Matt out of his apartment for the first time in two years? Is the gorgeous Wolfe temptation enough for Matt to overcome his fear of vampires?
