International Economics: Theory and Policy, 8th Edition. Paul R. Krugman, Princeton University, University of California, Berkeley

Krugman & Obstfeld, International Economics: Theory and ...

For anybody - but especially students - interested in exploring the subject of international economics, this is the book to start with. It is illuminating (as it is always the case with Krugman's writings) on otherwise technical concepts as comparative advantage, trade policy and exchange rate determinants, but it is also entertaining, with its "reality checks".
