Kurt Cobain filled dozens of notebooks with lyrics, drawings, and writings about his plans for Nirvana and his thoughts about fame, the state of music, and the people who bought and sold him and his music. His journals reveal an artist who loved music, who knew the history of rock, and who was determined to define his place in that history.

The first publication of Kurt Cobain's diaries, which were found after his death in 1994. Genuinely moving, provocative and candid, and suprisingly funny, pieces of writing which, as a whole, provide a unique account of the rise and fall of a greatpopular artist and icon.

Kurt Cobain filled dozens of notebooks with lyrics, drawings and writings about his plans for Nirvana and his thoughts about fame, the state of music and the people who bought and sold him and his music. More than 20 of these notebooks survived his many moves and travels, and have been locked in a safe since his death. His journals reveal an artist who loved music, who knew the history of rock, and who was determined to define his place in that history.

Here is the first biography to explore, with shocking detail, the drama that formed this troubled, tragic rock star. Neither an apology nor a condemnation, Kurt Cobain presents a vivid insider's view of the life and death of a man who galvanized a generation and gave birth to the "grunge" revolution with his band Nirvana. Sandford portrays the provocative, small-town rebel with the talent of John Lennon, and then shows him at work on concert stages in Seattle, New York, and London. Readers follow the struggles of Cobain's emotional life-his tumultuous relationships with family and his fellow band members, his drug addiction and sexual appetite, his stormy marriage to Courtney Love, and the birth of his daughter, who, as Cobain wrote in his suicide note, "reminds me too much of who I used to be." During his research, Sandford has had access to Cobain's family, his colleagues, his former friends and lovers, and even author William S. Burroughs, whom Cobain considered to be his "greatest influence." The result is a graphic account of the life that led to the day in April 1994 when Cobain turned a shotgun

## Read Book Kurt Cobain Journals

on himself and became a martyr to disaffected youth around the world.

Presents lyrics, drawings, letters, and other writings from Kurt Cobain's journals, revealing his thoughts on Nirvana, fame, fans, and the state of rock music.

The companion book to the HBO film about the Nirvana singer and songwriter, "the most intimate rock doc ever" (Rolling Stone). Kurt Cobain, legendary lead singer, guitarist, and songwriter of Nirvana, "the flagship band of Generation X," remains an object of reverence and fascination for music fans. For the first time, his story was told in the fully authorized feature documentary, Kurt Cobain: Montage of Heck, in 2015. Brett Morgen—the Oscar®-nominated filmmaker behind such acclaimed documentaries as the HBO presentation Crossfire Hurricane, which celebrated the fiftieth anniversary of the Rolling Stones, and The Kid Stays in the Picture—was writer, director, and producer of film. Visual artist Frances Bean Cobain, Cobain's daughter, was executive producer. This riveting book accompanied Morgen's documentary and delved further into the material created for the film, presenting an illuminating and honest portrait of the Nirvana frontman that captured the contradictions that made up his character. The book is composed of the extended versions of the exclusive interviews featured in the film. It also showcases the film's incredible visuals with a mixture of animation stills, rare photography, and other treasures from Kurt Cobain's personal archive. Director Brett Morgen offers his personal thoughts on the creation of the film and the need to shatter the mythos that surrounds Cobain. Taking fans into and beyond Morgen's movie with unparalleled insight into the world of the late musician, this book is the perfect complement to a milestone documentary that forever changed the way fans view Kurt Cobain. "The film offers the bells and whistles but the book provides the real guts of the tale." —Examiner

Collection of previously unseen artifacts and photographs, from the estate's archives to form a fascinating portrait of the creativity, madness, and genius of Kurt Cobain.

"Amazingly raw and candid . . . Come As You Are is as good as rock bios get" —Billboard Nirvana came out of nowhere in 1991 to sell nearly five million copies of their landmark album Nevermind, whose thunderous sound and indelible melodies embodied all the confusion, frustration, and passion of the emerging Generation X. Come As You Are is the close-up, intimate story of Nirvana—the only book with exclusive in-depth interviews with bandmembers Kurt Cobain, Krist Noveselic, and Dave Grohl, as well as friends, relatives, former bandmembers, and associates—now updated to include a final chapter detailing the last year of Kurt Cobain's life, before his tragic suicide in April 1994.

A stunning and groundbreaking investigation into the death of one of the great rock icons of our times -- revealing new evidence that points to a terrible conclusion. On Friday, April 8, 1994, a body was discovered in a room above a garage in Seattle. For the attending authorities, it was an open-and-shut case of suicide. What no one knew then, however, and which is only being revealed here for the very first time, is that the person found dead that day -- Kurt Cobain, the superstar frontman of Nirvana -- was murdered. In early April 1994, Cobain went missing for days, or so it seemed; in fact, some people knew where he was, and one of them was Courtney Love. Now a star in Hollywood and rock music, in early 1994 she was preparing to release her major label debut with her band, Hole, and what she knew then, though few others did, was that Cobain was planning to divorce her. Love & Death paints a critical portrait of Courtney Love; it also reveals for the first time the case tapes made by Love's own P.I., Tom Grant, a man on a mission to find the truth about Kurt Cobain's demise; and introduces us to a number of characters who feature in various theories about plots to kill Cobain. In addition, Cobain's grandfather goes public, charging that his grandson was murdered. Drawing on new forensic evidence and police reports obtained under the Freedom of Information Act, the book explodes the myths that have long convinced the world that Cobain took his own life, and reveals that the official scenario was scientifically impossible. Against a background of at least sixty-eight copycat suicides since 1994, award-winning investigative journalists Max Wallace and Ian Halperin have conducted a ten-year crusade for the truth, and in Love & Death they are finally able to present a chilling and convincing case that each and every one of these suicides was preventable -- and in doing so, they call for this case to be reopened and properly investigated.

The year 2019 marked the twenty-fifth anniversary of the death of Kurt Cobain, an artist whose music, words, and images continue to move millions of fans worldwide. As the first academic study that provides a literary analysis of Cobain's creative writings, Arthur Flannigan Saint-Aubin's *The Pleasures of Death: Kurt Cobain's Masochistic and Melancholic Persona* approaches the journals and songs crafted by Nirvana's iconic front man from the perspective of cultural theory and psychoanalytic aesthetics. Drawing on critiques and reformulations of psychoanalytic theory by feminist, queer, and antiracist scholars, Saint-Aubin considers the literary means by which Cobain creates the persona of a young, white, heterosexual man who expresses masochistic and melancholic behaviors. On the one hand, this individual welcomes pain and humiliation as atonement for unpardonable sins; on the other, he experiences a profound sense of loss and grief, seeking death as the ultimate act of pleasure. The first-person narrators and characters that populate Cobain's texts underscore the political and aesthetic repercussions of his art. Cobain's distinctive version of grunge, understood as a subculture, a literary genre, and a cultural practice, represents a specific performance of race and gender, one that facilitates an understanding of the self as part of a larger social order. Saint-Aubin approaches Cobain's writings independently of the artist's biography, positioning these texts within the tradition of postmodern representations of masculinity in twentieth-century American fiction, while also suggesting connections to European Romantic traditions from the nineteenth century that postulate a relation between melancholy (or depression) and creativity. In turn, through Saint-Aubin's elegant

analysis, Cobain's creative writings illuminate contradictions and inconsistencies within psychoanalytic theory itself concerning the intersection of masculinity, masochism, melancholy, and the death drive. By foregrounding Cobain's ability to challenge coextensive links between gender, sexuality, and race, *The Pleasures of Death* reveals how the cultural politics and aesthetics of this tragic icon's works align with feminist strategies, invite queer readings, and perform antiracist critiques of American culture.

NATIONAL BESTSELLER On the twenty-fifth anniversary of Kurt Cobain's death comes a new perspective on one of the most compelling icons of our time In early 1991, top music manager Danny Goldberg agreed to take on Nirvana, a critically acclaimed new band from the underground music scene in Seattle. He had no idea that the band's leader, Kurt Cobain, would become a pop-culture icon with a legacy arguably at the level of that of John Lennon, Michael Jackson, or Elvis Presley. Danny worked with Kurt from 1990 to 1994, the most impactful period of Kurt's life. This key time saw the stratospheric success of *Nevermind*, which turned Nirvana into the most successful rock band in the world and made punk and grunge household terms; Kurt's meeting and marriage to the brilliant but mercurial Courtney Love and their relationship that became a lightning rod for critics; the birth of their daughter, Frances Bean; and, finally, Kurt's public struggles with addiction, which ended in a devastating suicide that would alter the course of rock history. Throughout, Danny stood by Kurt's side as manager, and close friend. Drawing on Goldberg's own memories of Kurt, files that previously have not been made public, and interviews with, among others, Kurt's close family, friends, and former bandmates, *Serving the Servants* sheds an entirely new light on these critical years. Casting aside the common obsession with the angst and depression that seemingly drove Kurt, *Serving the Servants* is an exploration of his brilliance in every aspect of rock and roll, his compassion, his ambition, and the legacy he wrought—one that has lasted decades longer than his career did. Danny Goldberg explores what it is about Kurt Cobain that still resonates today, even with a generation who wasn't alive until after Kurt's death. In the process, he provides a portrait of an icon unlike any that has come before.
