The Nelson Modular Science series is made up of three books divided into single, double and triple award modules presented in an accessible format. Book 1 covers the six single award and one coursework modules; Book 2 contains six double award modules; and Book 3 covers the six triple award modules. Each module is covered in self-contained units. This teacher's file includes practical support sheets and addresses Sc1 investigations. Works sheets are provided to integrate the use of ICT throughout science. Additional GCSE-style questions and modular tests should enhance learning and recall of information.

Make the Grade offers comprehensive exam support for AS and A2 Chemistry. Part of the Nelson Advanced Science series it provides activities and questions for use throughout the course, with exam questions, including synoptic questions, to help students fully prepare for examinations.

The Chemistry Book supports the development and application of key knowledge and skills for students studying senior science in both Queensland and greater Australia. A consistent approach to each text's format supports student learning and exam preparation.
