In *Nonzero: The Logic of Human Destiny*, Wright asserts that, ever since the primordial ooze. In his bestselling *The Moral Animal*, Robert Wright applied the principles of evolutionary biology to the study of the human mind. Now Wright attempts something even more ambitious: explaining the direction of evolution and human history—and discerning where history will lead us next.

But yeah, the book is about Christian
universalism—about not only its history, but
its logic. Principally, it's a philosophical
argument that's negative in form. I'm afraid
