Earth Science, 11e

1.4 Earth System Science Earth system science aims to understand Earth as a system made up of interacting parts, or subsystems. A system can be any size group of interacting parts that form a complex whole. • In a closed system, matter does not enter or leave the system. • In an open system, energy and matter flow into and out of the system.

Earth Science Workbook by PRENTICE HALL
(9780131259010)

Earth ' s land provides soil and forests, as well as mineral
and energy resources. • Removing and using resources
from Earth ' s crust can damage the environment. 4.4
Protecting Resources Starting in the 1970s, the federal
government passed several laws to prevent or decrease
pollution and protect resources.

Ideal for undergraduates with little or no science background, Earth Science is a student-friendly overview of our physical environment that offers balanced, up-to-date coverage of geology, oceanography, astronomy, and meteorology. The authors focus on readability, with clear, example-driven explanations of concepts and events. The Thirteenth Edition incorporates a new active learning approach, a fully updated visual program, and is available for the first time with MasteringGeology--the most complete, easy-to-use, engaging tutorial and assessment tool available, and also entirely new to the Earth science course.
