Given Baker's superawareness of his childhood, it's not surprising that his latest novel, "The Everlasting Story of Nory," should take the form of a 9-year-old's story of "the absolute best year of ...

Books

An informed, participating citizenry depends on media that play a public service function. As James Madison once put it, "A popular government without popular information, or the means of acquiring it ...

Summer 1998

Lately Nory was in a stage of liking to draw pictures of Chinese girls wearing patchwork Chinese robes with their hair up in a little hat, or held on the side with a pin. She told a constant number of ...

Our supreme fabulist of the ordinary now turns his attention on a 9-year-old American girl and produces a novel as enchantingly idiosyncratic as any he has written. Nory Winslow wants to be a dentist or a designer of pop-up books. She likes telling stories and inventing dolls. She has nightmares about teeth, which may explain her career choice. She is going to school in England, where she is mocked for her accent and her friendship with an unpopular girl, and she has made it through the year without crying. Nicholson Baker follows Nory as she interacts with her parents and peers, thinks about God and death-watch beetles, and dreams of cows with pointed teeth. In this precocious child he gives us a heroine as canny and as whimsical as Lewis Carroll's Alice and evokes childhood in all its luminous weirdness.

Nory is a nine-year-old American girl spending a year in an English cathedral town, based closely on Ely. She relates her impressions, tells us her favourite stories and dreams, comes to terms with the intricate politics of school friendships and explores the town.

A novel about a nine-year-old American girl spending a year in an English cathedral town, in which she relates her impressions, tells of her favourite stories and dreams, and comes to terms with the politics of school and friendships. From the author ofTHE SIZE OF THOUGHTS.

A National Book Critics Circle Award-winner elevates the ordinary events that occur to a man on his lunch hour into " a constant delight " of a novel (The Boston Globe). In this startling, witty, and inexhaustibly inventive novel, New York Times – bestselling author Nicholson Baker uses a one-story escalator ride as the occasion for a dazzling reappraisal of everyday objects and rituals. From the humble milk carton to the act of tying one ' s shoes, The Mezzanine at once defamiliarizes the familiar world and endows it with loopy and euphoric poetry. Baker ' s accounts of the ordinary become extraordinary through his sharp storytelling and his unconventional, conversational style. At first glance, The Mezzanine appears to be a book about nothing. In reality, it is a brilliant celebration of things, simultaneously demonstrating the value of reflection and the importance of everyday human experiences. " A very funny book . . . Its 135 pages probably contain more insight into life as we live it today than anything currently on the best-seller list. " —The New York Times " Captures the spirit of American corporate life and invests it with a passion and sympathy that is entirely

Read Book The Everlasting Story Of Nory Nicholson Baker

unexpected. ” —The Seattle Times “ Among the year ’ s best. ” —The Boston Globe “ Baker writes with appealing charm . . . [He] clowns and shows off . . . rambles and pounces hard; he says acute things, extravagant things, terribly funny things. ” —Los Angeles Times Book Review “ Wonderfully readable, in fact gripping, with surprising bursts of recognition, humor and wonder. ” —The Washington Post Book World

The ostensible purpose of a library is to preserve the printed word. But for fifty years our country ’ s libraries — including the Library of Congress — have been doing just the opposite, destroying hundreds of thousands of historic newspapers and replacing them with microfilm copies that are difficult to read, lack all the color and quality of the original paper and illustrations, and deteriorate with age. With meticulous detective work and Baker ’ s well-known explanatory power, *Double Fold* reveals a secret history of microfilm lobbyists, former CIA agents, and warehouses where priceless archives are destroyed with a machine called a guillotine. Baker argues passionately for preservation, even cashing in his own retirement account to save one important archive — all twenty tons of it. Written the brilliant narrative style that Nicholson Baker fans have come to expect, *Double Fold* is a persuasive and often devastating book that may turn out to be *The Jungle of the American library system*.

While writing an introduction to a new poetry anthology, Paul Chowder struggles with the end of a relationship, his own stunted career, and the suffering of poets as varied as Tennyson and Roethke.

Emmett has a wife and two children, a cat, and a duck, and he wants to know what life is about. Every day he gets up before dawn, makes a cup of coffee in the dark, lights a fire with one wooden match, and thinks. What Emmett thinks about is the subject of this wise and closely observed novel, which covers vast distances while moving no further than Emmett ’ s hearth and home. Nicholson Baker ’ s extraordinary ability to describe and celebrate life in all its rich ordinariness has never been so beautifully achieved.

Having turned phone sex into the subject of an astonishing national bestseller in *Vox*, Baker now outdoes himself with an outrageously arousing, acrobatically stylish "X-rated sci-fi fantasy that leaves *Vox* seeming more like mere fiber-optic foreplay" (*Seattle Times*). "Sparkling."--*San Francisco Chronicle*.
