1808. With the Peninsula in turmoil, Napoleon Bonaparte signs a treaty to dismember Portugal and put his brother, Joseph, on the throne of Spain. Meanwhile, Nicholas Renzi, the Lord Farndon, undertakes a deadly mission to stir up partisan unrest to disrupt this Napoleonic alliance with Spain. Thrust into the crucible of the uprising, Captain Sir Thomas Kydd is dismayed to come up against an old foe from his past — now his superior and commander — who is determined to break him.

After a short stint ashore, Captain Sir Thomas Kydd, in command of the frigate, HMS Tyger, is ordered to join a squadron patrolling the waters of Spain. He finds himself under the command of an old nemesis, Admiral Rawley. This novel takes place in the year 1808, just as the British begin their army campaign on the Iberian Peninsula.

Without wanting to spoil the fun, I will simply say that "The Iberian Flame" is not so much a single great feat by Kydd and the Tyger, but rather a series of impressive accomplishments at a turning point of the war against Bonaparte. Renzi plays an important part, and Kydd's superior, Adm. Rowley is a consistent obstacle. A wonderful read!

The Iberian Flame 1808: Hodder & Stoughton: 2018: The Iberian peninsula is in ferment and Bonaparte seeks to carve up Portugal and install his brother Joseph as King of Spain. Renzi is sent to incite opposition to France's intentions in Spain. Kydd becomes embroiled in support of the British expeditionary force in northwestern Spain. 21: A Sea of Gold 1809

~~Julian Stockwin — Wikipedia~~

The Iberian Flame doesn't disappoint. It's always interesting seeing history come alive through a great storyteller. I liked the "domestic" chapters, though while Stockwin can describe a sea action in minute detail, he seems to skim over chunks of information when Kydd is on land.
