about a grieving man dedicated to unmasking the role that lies and delusions play in our reactionary times "Nobody writing today walks the knife edge of cynicism and sentiment more bravely, intelligently and confidently than Ron Currie. By turns hilarious and heartfelt, The One-Eyed Man is a revelation, a wonder." --Richard Russo "Dark, tender, and oh-so-timely." - USA Today Ron Currie's three previous works of fiction have dazzled readers and critics alike with their originality, audacity, and psychological insight. A writer of unique vision and huge imagination, Currie excels at creating complex, troubled, yet endearing characters, and his work has won comparison to everyone from Kurt Vonnegut to George Saunders. K., the narrator of Currie's new novel, joins the ranks of other great American literary creations who show us something new about ourselves. Like Jack Gladney from White Noise, K. is possessed of a hyper-articulate exasperation with the world, and like Ignatius J. Reilly in A Confederacy of Dunces, he is a doomed truth teller whom everyone misunderstands. After his wife Sarah dies, K. becomes so wedded to the notion of clarity that he infuriates friends and strangers alike. When he intervenes in an armed robbery, K. finds himself both an inadvertent hero and the star of a new reality television program. Together with Claire, a grocery store clerk with a sharp tongue and a yen for celebrity, he travels the country, ruffling feathers and gaining fame at the intersection of American politics and entertainment. But soon he discovers that the world will fight viciously to preserve its delusions about itself. How Currie's unconventional hero comes to find peace, to reenter the world, and to be touched again by emotion and empathy makes for a dramatic, utterly memorable story.

"From the "startlingly talented" (New York Times) author of Everything Matters! - the compelling story of a man who takes everything far too literally, and his adventures as the star of a reality TV show. Ron Currie's three previous works of fiction have dazzled readers and critics alike with their originality, audacity, and psychological insight. A writer of unique vision and huge imagination, Currie excels at creating complex, troubled, yet endearing characters, and his work has won comparison to everyone from Kurt Vonnegut to George Saunders. In the 1960s when the Supreme Court rules that African Americans must be admitted to the university in an unnamed Southern state, Governor Cullie Blanton is about to run for re-election. One of his opponents is "Bayonet Bill" Wooster, an ex-marine general who bases his campaign on fear of racial integration, fear of Communists, and fear of the federal government; he presents himself as the leader in a holy war against the incumbent infidel. The other candidate is Poppa Posey, a former governor who raises hound dogs, quotes Shakespeare, and hopes to use Wooster's money to split support for Blanton. Only Blanton understands that integration is inevitable and that his task must be to make the transition as painless and bloodless as possible. That he fails may be due in part to his freewheeling, power-driven personality. But Blanton is also defeated by inertia, tradition, and demagoguery. He is, as he once describes himself, someone "who just got in the way of goddamn history." Is the state Texas and the governor Lyndon B. Johnson? King denies it, arguing that there are equal parts of Huey Long, Herman Talmadge, and Alfalfa Bill Murray. But, as Erisman says in his foreword, "Blanton, in his wheeling and dealing, his crudities and profanity, his ruthlessness and his compassion, is a dead-on portrait of LBJ in full cry." The One-Eyed Man presents a hauntingly clear picture of the 1960s in the South--the national grief over the assassination of President John F. Kennedy, the racial turmoil, the human

Acces PDF The One Eyed Man A Fugue With Winds And Accompaniment Le Modesitt Jr

dilemma faced by North and South alike. And it poses haunting questions for the reader: what separates the demagogue from the leader? What injustices are acceptable in the name of a larger justice? Who determines the greatest good for the greatest number?

In a far-future world where the human race is colonizing planets that are being ecologically compromised by the production of life-extending drugs, consultant Dr. Paulo Verano is hired to assess the human impact on the planet of Stittara and endures dangerous elements to investigate the true nature of mysterious airborne organisms.

In the Land of the Blind, the one-eyed man is king. Meet the blind, like you've never seen them before: In the year 2020, a nuclear war, perpetrated by a ruling entity known as 'The ARK, ' devastated Earth, laying over half the planet to waste. Today, the 'future' is dark. Every 6 to 18 months, a mushroom cloud envelopes one of the world's once-great cities as The ARK seeks to wipe out a newly discovered resistance movement. Its ruler, The Anchor, and his Superiors, are ruthless and rule the world with an iron fist. Until the 'All-Seeing Army, ' committed to a Blind War, rises against them. These soldiers literally can't see and this handicap has become their greatest strength. Not only are their other senses heightened to the point of giving them superior fighting skills, but they also represent the only hope for a human race with a peaceful, true and just vision for the future. Into this clash of titans, a sightless, orphaned boy is thrust. Iori, the eventual One-Eyed King, is kidnapped by this All-Seeing Army and trained for many years as The ARK gets closer to discovering their whereabouts. As commander of the last capable resistance movement on Earth, Iori cannot fail or the entire planet is doomed.

Blinded in one eye by a childhood incident, his tormentors called him 'One Eye' or 'Cyclops'; it could have instilled a victim mentality in him, but instead he became a fighter. One by one, those who tormented him would get their comeuppance . . . In his turbulent teenage years, 'Baz' adopted a criminal lifestyle. He went from Rude Boy to Casual and became a leading figure in Birmingham City FC's Zulu Warriors. When not training in martial arts or proving himself as a cage fighter, he also cut a powerful figure in Coventry's clubland where he ran its toughest doors. For all his ferocious reputation, ONE-EYED BAZ reveals a character of great warmth and loyalty, a charismatic figure strong enough to embrace the combat sport of cage fighting and prove himself 'King of the Ring'. ONE-EYED BAZ will surely be lauded as a classic of the hard-man genre. 'BARRINGTON IS STILL A PREDATOR, YOU CAN'T REALLY TAME A LION.' - DEV BARRETT - FORMER WORLD W.A.K.O. FULL-CONTACT KARATE CHAMPION. 'A LOT OF THE TIME PEOPLE

WOULD COME DOWN FOR BARRINGTON WITH WEAPONS AND HE WOULD TAKE THE WEAPON OFF THEM AND BEAT THEM. DON'T GET ME WRONG: HE'S A LOVELY GUY AND HE'S GOT A BIG HEART AND HE'S A VERY GOOD FRIEND TO HAVE. BUT HE'S A VERY, VERY BAD ENEMY TO HAVE.' - TODD - BIRMINGHAM ZULUS

New York City Police Detective Lieutenant Megan Donahay is facing a most difficult investigation. After two men die from snake bites she's unable to determine the species of snake. Hearing of a similar death of a man in Florida she believes the three deaths may be connected. She's concerned. Is there one killer with one snake, or two or even three killers with other snakes? The venom chemistries are identical but unknown to medical professionals, herpetologists or the world of dealers in illegally imported exotic species. She finds that the three victims served in Vietnam in a military patrol. Her search for other members of the patrol is blocked by military authorities. However she discovers who they are and that three of the eight-man patrol have died before the recent murders. There are now two suspects—she must find the owner of the deadly snake before it's allowed to kill again.

The stunning new legal thriller from the New York Times–bestselling author of *The Hanging Judge*, “a talent to watch” (*The Washington Post*). When FBI agents barge into Sidney Cranmer’s home accusing him of a heinous crime, the respected literature professor’s life becomes a nightmare. Cranmer insists the illicit material found by the agents isn’t his, but the charge against him appears airtight, and his academic specialty—the life and work of controversial author Lewis Carroll, creator of Alice’s *Adventures in Wonderland*—convinces investigators he’s lying. Presiding over the case against Professor Cranmer, U.S. District Judge David Norcross fears his daily confrontation with evil has made him too jaded to become a husband and father. His girlfriend, Claire Lindemann, teaches in the same department as the defendant and is convinced of his innocence. Soon, she will take matters into her own hands. Meanwhile—with his love life in turmoil and his plans for the future on hold—a personal tragedy leaves Norcross responsible for his two young nieces. Unbeknownst to him, a vengeful child predator hovers over his new family, preparing to strike. Michael Ponsor’s debut novel, *The Hanging Judge*, was praised by retired Supreme Court justice John Paul Stevens for reminding readers “that the judicial process is not infallible” and by Pulitzer Prize-winning author Tracy Kidder for bearing “the heft of authenticity.” *The One-Eyed Judge* again draws on Ponsor’s thirty years as a US district judge, offering readers an insider’s view of one of the most harrowing kinds of cases faced by the courts. Fast-paced, thrilling, and thought-provoking, this is legal fiction at its most realistic and compelling. *The One-Eyed Judge* is the 2nd book in the *Judge Norcross Novels*, but you may enjoy reading the series in any order.
