universe, comes a standalone story that will leave you wanting more.***A thirst like I've never before experienced wakes me from a deep sleep full of vaguely haunting dreams. When I peel my eyes open enough to take stock of where I am, I realize three things at once: I'm in a bed not my own, there is a stranger's arm draped around me, and... we are both naked. Oh, and there's a brand new wedding ring on my left index finger. This is how my day starts. In a Las Vegas hotel room, married to a stranger I don't remember meeting. So cliché, right? What's worse is that I'm a highly respected librarian in Las Vegas, not some drunken tourist. That would all be bad enough... until I find out the worst part. I've been turned into a vampire, and some other really evil vampires want me dead. I guess the honeymoon will have to wait. If we even stay married. First, though, we have to stay alive.***Read all the books in the Vampire Girl Universe

other humans. It's not. Monsters are real. Demons are real. Vampires are real. And I'm about to become one of them. My name is Arianna Spero. I was an ordinary girl, living an ordinary life, until my mother lapsed into a coma. Now, I am her only hope. She made a deal with the devil, and on my 18th birthday he came to collect. But there's a way to save her. There's something the princes of hell want more than my mother. Me. So I signed my soul away and promised to pick a prince to marry. I would take the blood oath, become one of them, and give them an heir. I would become a princess of hell, and my mother would live. I expected fire and brimstone. I expected pain and misery. I didn't expect beauty. I didn't expect magic. I didn't expect love. But the princes are keeping secrets from me. Secrets that could shatter everything.

I'm in a bit of a pickle, but I've got it all sorted out. Honestly. No problemo. It's going to be easy as pie to break out of this dungeon, free myself, save Queen Arianna, and figure out what the heck is going on in the secret shadow organization, Lix Tetrax. But my new powers are kicking in, Elias is in danger... only he doesn't know it, and a village full of innocent people is in major trouble. If only a Watcher could clone herself, #amiright? No worries, I am on the case. I won't let you down. Or them. And you won't want to miss what happens next in the Vampire Girl adventures.

Captivating and action-packed, *From Blood and Ash* is a sexy, addictive, and unexpected fantasy perfect for fans of Sarah J. Maas and Laura Thalassa. A Maiden... Chosen from birth to usher in a new era, Poppy's life has never been her own. The life of the Maiden is solitary. Never to be touched. Never to be looked upon. Never to be spoken to. Never to experience pleasure. Waiting for the day of her Ascension, she would rather be with the guards, fighting back the evil that took her family, than preparing to be found worthy by the gods. But the choice has never been hers. A Duty... The entire kingdom's future rests on Poppy's shoulders, something she's not even quite sure she wants for herself. Because a Maiden has a heart. And a soul. And longing. And when Hawke, a golden-eyed guard honor bound to ensure her Ascension, enters her life, destiny and duty become tangled with desire and need. He incites her anger, makes her question everything she believes in, and tempts her with the forbidden. A Kingdom... Forsaken by the gods and feared by mortals, a fallen kingdom is rising once more, determined to take back what they believe is theirs through violence and vengeance. And as the shadow of those cursed draws closer, the line between what is forbidden and what is right becomes blurred. Poppy is not only on the verge of losing her heart and being found unworthy by the gods, but also her life when every blood-soaked thread that holds her world together begins to unravel.
