Brodsky's Watermark was a felicitous choice. This layered, labyrinthine collection of vignettes deliberately recreates „the sense of damp, cold, narrow streets through which one hurries in the evening in a state of growing apprehension, turning left, turning right.”

Watermark by Joseph Brodsky - Goodreads

“Brodsky's description of his 'version of Paradise' has all the vividness and associative brilliance of a lyric poem . . . Watermark is a gracefully idiosyncratic work, one that obliquely mingles the author's own self-portrait with that of 'this Penelope of a city, weaving her patterns by day and undoing them by night, with no Ulysses in sight. Only the sea.'”

Watermark An Essay On Venice: Joseph Brodsky ...

Excerpt from Watermark. I always adhered to the idea that God is time, or at least that His spirit is. Perhaps this idea was even of my own manufacture, but now I don't remember. In any case, I always thought that if the Spirit of God moved upon the face of the water, the water was bound to reflect it.

Joseph Brodsky's Watermark: Preserving the Venetophile ...

Born in Leningrad in 1940, Brodsky ran afoul of Soviet authorities and was expelled ("strongly advised" to emigrate) from the Soviet Union in 1972, settling in the United States with the help of W. H. Auden and other supporters. He taught thereafter at Mount Holyoke College, and at universities including Yale, Columbia, Cambridge, and Michigan.

Joseph Brodsky - Wikipedia

Watermark is powerful prose poetry, sometimes flashing a vivid image before the reader's inner eye, sometimes wrapping its pearls tightly inside almost haiku-like sentences. "One is what one looks...

Watermark In December, 1972, shortly after his expulsion from the Soviet Union, Joseph Brodsky visited Venice for the first time. Every year since then - "With one or two exceptions, due to heart...

Watermark Summary - eNotes.com

A mosaic of 48 short chapters--each recalling a specific episode from one of his many visits there (Brodsky spent his winters in Venice for nearly 20 years)-- Watermark associatively and brilliantly evokes one city's architectural and atmospheric character.

FSG Classics Ser.: Watermark by Joseph Brodsky (1993 ...

Brodsky's title refers to the repeated traces (watermarks) the sea makes on the canals and decaying buildings of Venice, like pages from a book of history or of poetry, or a novel. He writes extended soliloquies about the surfaces of the water in the canals and in the surrounding sea that softly and surely continues to submerge Venice.

Watermark, Joseph Brodsky

A mosaic of 48 short chapters--each recalling a specific episode from one of his many visits there (Brodsky spent his winters in Venice for nearly 20 years)--Watermark associatively and brilliantly evokes one city's architectural and atmospheric character. In doing so, the book also reveals a subject--and an author--readers have never before seen.

Watermark | Nomad Reader

Brodsky writes in Watermark that water "stores our reflections for when we are long gone." This reissued edition of one of Brodsky's most important titles, on the occasion of the late Nobel laureate's eightieth birthday, allows the reader to visit the canals of Brodsky's Venice and rediscover the reflection of the writer himself.

'Reading Brodsky's essays is like a conversation with an immensely erudite, hugely entertaining and witty (and often very funny) interlocutor' Wall Street Journal Watermark is Joseph Brodsky's witty, intelligent, moving and elegant portrait of Venice. Looking at every aspect of the city, from its waterways, streets and architecture to its food, politics and people, Brodsky captures its magnificence and beauty, and recalls his own memories of the place he called home for many winters, as he remembers friends, lovers and enemies he has encountered. Above all, he reflects with great poetic force on how the rising tide of time affects city and inhabitants alike. Watermark is an unforgettable piece of writing, and a wonderful evocation of a remarkable, unique city. Winner of the Nobel Prize for Literature

Presents a compilation of works by the Russian poet with notes on his background, style, and subject matter

This collection of essays amply demonstrates the wide range of the poet's interests and includes essays on poetry, politics, and literature and his memoir of life in Leningrad

Christmas poems by the Nobel Laureate To Him, all things seemed enormous: His mother's breast, the steam out of the ox's nostrils, Caspar, Balthazar, Melchior, the team of Magi, the presents heaped by the

door, ajar. He was but a dot, and a dot was the star. --from "Star of the Nativity" Joseph Brodsky, who jokingly referred to himself as "a Christian by correspondence," endeavored from the time he "first took to writing poems seriously," to write a poem for every Christmas. He said in an interview: "What is remarkable about Christmas? The fact that what we're dealing with here is the calculation of life--or, at the very least, existence--in the consciousness of an individual, a specific individual." He continued, "I liked that concentration of everything in one place--which is what you have in that cave scene." There resulted a remarkable sequence of poems about time, eternity, and love, spanning a lifetime of metaphysical reflection and formal invention. In *Nativity Poems* six superb poets in English have come together to translate the ten as yet untranslated poems from this sequence, and the poems are presented in English in their entirety in a beautiful, pocket-sized edition illustrated with Mikhail Lemkhin's photographs of winter-time St. Petersburg.

Brodsky's first collection to be published since he settled in the United States as an involuntary Russian exile contains restrained, sometimes humorous, sometimes epigrammatic verses marked by serious wit and an acute sense of place

The late Nobel Prize-winning poet and essayist explores a broad spectrum of topics, including the future of poetry, the nature of history, the condition of exile, the art of reading, the poetry of Robert Frost, and studies of the work of Hardy, Horace, Rilke, and Stephen Spender. Reprint.

Brodsky describes his post-Russian life in New York and reveals for the first time his active participation in one of the cold war's most noted cultural confrontations - the famous defection of the Bolshoi Ballet star Alexander Godunov. In this and all his tales recounted here, we meet a Brodsky his readers have not heard before, both contentious and gracious, breaking all the rules, never succumbing to the straitjacketing of literary or political cliques in New York or anywhere else. In these raw Russian conversations, superbly translated by Marian Schwartz, is the journey of a poet-hero around the world and through this century's most troubling and sensational times.

Joseph Brodsky spent his life advocating for the place of the poet in society. As Derek Walcott said of him, "Joseph was somebody who lived poetry . . . He saw being a poet as being a sacred calling." The poems in this volume span Brodsky's career, which was marked by his expulsion from the Soviet Union in 1972. Together, they represent the project that, as Brodsky said, the "condition we call exile" presented: "to set the next man--however theoretical he and his needs may be--a bit more free." This edition, edited and introduced by Brodsky's literary executor, Ann Kjellberg, includes poems translated by Derek Walcott, Richard Wilbur, and Anthony Hecht, as well as poems written in English or translated by the author himself. *Selected Poems, 1968-1996* surveys Brodsky's tumultuous life and illustrious career and showcases his most notable and poignant work as a poet.

Brodsky was a friend of the author's family and confided his thoughts and feelings to her, as well as poetry in progress, over more than thirty years both before and after their emigration. Includes never before published poems and numerous photographs.

This is an imaginative work of literary criticism. Thirteen scholars have selected a wide variety of Joseph Brodsky's poems written between 1970 and 1994 for detailed discussion in the context of his whole output. The choice of poems reflects Brodsky's diversity of themes and devices. Together they offer a perspective on one of the most original and profound modern poets. This collection should fulfil the often-expressed need for a comprehensive approach to the study of Brodsky's poetry, which is linguistically as well as intellectually demanding.
