Someone is stalking the little town of Silence. Three victims have fallen to a killer's savage vengeance. Each of the dead men was a successful and respected member of the community—yet each also harbored a dark secret discovered only after his murder. Were their deaths the ultimate punishment for those secrets? Or something even more sinister? Nell Gallagher has come home to Silence more than a decade after leaving one dark night with her own painful secrets. Forced now by family duty to return, she has also come home to settle with the past. But past and present tangle in a murderer's vicious attacks, and to find the answers she needs, Nell must call on the psychic skills that drove her away years before. She must risk her own life and sanity, and regain the trust of the man she left behind so long ago. For the killer she seeks is seeking her, watching her every move, preying upon her every vulnerability—and already so close she'll never see death coming . . .

After a madman starts to abduct women and blind them, police sketch artist Maggie Barnes must confront the truth both about her eerily accurate crime scene drawings and about her past, which links her to the current crimes.

After a series of murders in which the victims are all blondes who did not resist their attacker, police

chief Rafe Sullivan calls in the FBI for assistance and is concerned by the atypical methods of the responding agent, Isabel Adams.

What if you can enter a madman's cruel mind as he plans his vicious crimes? What if you can see the terrified face of his prey as he moves in for the kill—but you can't stop his frenzy once he strikes? Psychic Cassie Neill helps the L.A. police catch killers—until she makes a terrible mistake and an innocent child dies. Cassie flees to a small North Carolina town, hoping that a quiet life will silence the voices that invade her unwilling mind. But Cassie's abilities know few boundaries. And she's become certain—as no one else can be—that a murderer is stalking Ryan's Bluff. It's his fury that Cassie senses first, then his foul thoughts and perverse excitement. Yet she doesn't know who he is or where he will strike. The sheriff won't even listen to her—until the first body is found exactly where and how she predicted. Now a suspect herself, she races desperately to unmask the killer in the only way she knows: by entering his twisted mind. Her every step is loaded with fear and uncertainty . . . because if he senses her within him, he'll trap her there, so deep she'll never find her way out.

Lucas Jordan has an extraordinary psychic skill that police all over the country find invaluable: he locates missing people. And since being recruited by Noah Bishop for his FBI Special Crimes Unit, Lucas has learned to hone his remarkable ability so that what he does seems little short of miraculous. He's called in on what appear to be a series of ordinary kidnappings—for-ransom, but almost immediately Lucas realizes the situation is far from ordinary -- and more deadly than anything he's ever faced before. Because a brilliant, twisted madman is out to win a sick game, matching his wits against the best hunter he can find: Lucas.

New York Times bestselling author Kay Hooper delivers once again with this chilling novel in which the Special Crimes Unit sends a Haven operative undercover to catch a charismatic killer who promises his victims heaven in exchange for more than their lives. . . Young, vulnerable, attractive, Tessa Gray looked like the perfect victim. Which was why Noah Bishop of the FBI's Special Crimes Unit recruited the novice operative to use as bait for a killer hidden inside the Church of the Everlasting Sin—a fortified mountain compound where at least two women have already been murdered in ways that defy explanation. By entering the cult's compound, Tessa will expose herself to the dark magnetism of its leader and his fanatically loyal followers. Once she's inside, no one, not even Bishop or the town's chief of police, can guarantee she'll come out alive. And not even Tessa knows if she's strong enough to resist the lure of a killer who is less than human.

An agent for the FBI's Special Crimes Unit in the middle of an undercover operation, Riley Crane awakens alone, covered in blood, with no memory of the past two weeks of her life, and unable to distinguish friend from foe. By the author of *Chill of Fear*. Reprint.

New York Times bestselling author Kay Hooper takes us to the outer reaches of fear in *Blood Ties*, as the Special Crimes Unit is targeted by a monster intent on destroying both Noah Bishop and his people. A series of grisly murders has left a trail of blood across three states, bringing the Special Crimes Unit to a small Tennessee town. There, two more brutal killings lure Noah Bishop and the SCU into what may be the ultimate trap, and lead Special Agent Hollis Templeton into a dangerous attraction—and a serial murder investigation that turns very, very personal. In her time with the SCU, Hollis has shown an uncanny ability to survive even the deadliest attacks. But what she can't know is that this killer intends to destroy the team from within. As the body count climbs, and Bishop and his agents race to uncover the true identity of their enemy, not even their special senses can warn them just how bloody, and how terrifyingly close, the truth will be.

Terror waits just out of sight Hiding In The Shadows Accident victim Faith Parker has done what her doctors feared she never would: awakened from the coma that held her prisoner for weeks. But she has no memory of the crash that nearly killed her—or the life that led up to it. Nor does she remember journalist Dinah Leighton, the steadfast friend who visited her in the hospital...until she disappeared without a trace. Now as Faith begins to regain her strength, she's shocked by intimate dreams of a man she doesn't recognize and tortured by visions of violence that feel painfully real. Something inexplicable ties her lost memories to Dinah's chilling fate. But even as Faith tries to understand the connection and reach out to save Dinah, death is stalking both women. And one of them will not escape its lethal grasp. FBI agent Noah Bishop has a rare gift for seeing what others do not, a gift that helps him solve the most puzzling cases. Now, read more of his electrifying adventures in two stand-alone tales of psychic suspense.

To catch this killer, she must break every rule and cross every line. Out Of The Shadows A picture-perfect Tennessee town has just become a monster's hunting ground. Two bodies are found tortured to death. A third person goes missing. What little evidence is left behind defies all explanation. Is the terror just beginning? Or have the good citizens of Gladstone harbored a dark secret for a long time? Sheriff Miranda Knight is determined to make her small town safe once more. And she does what she swore she would never do: involve FBI profiler Noah Bishop. He's the one man who knows about her unique abilities, and that knowledge almost destroyed her and her sister years ago. Now, as Bishop arrives with his team of agents, Miranda must learn to trust him and use her abilities once more. For they're about to go on the hunt for a killer whose madness has no bounds, a killer who knows exactly how to destroy Miranda: by preying on her sister.
